

You try to find your place for comfort regurgitating everything  
they say.  
Believe, believe, believe, relief.  
Rinse and repeat your time away.  
They lie brainwashing you into submission.  
And I think it's time I think it all again.  
Now throw away everything that you have learned.  
Conning you into giving everything that you have earned.  
I raise my glass to all the people who believe in what they say  
.  
To all the people who are different I say never be afraid.  
All the teachers and all the preachers who are always quick to  
say,  
"it's impossible to do it all unless you do it all my way."  
To all the philosophers to all the intellects.  
Who will never make mistakes.  
Cream of the crop and so pretentious.  
Just can't accept that they're the same.
