

You're All I Need (Feels Like Heaven)

Bilal

Your all I need just like heaven
You make my day hurry up little girl
Baby let's go away
Your all I need just like heaven hurry up little girl
Baby girl let's go away

Baby when I think about it
Your like heaven to me
And you know my story is genuine
Baby when I think about it
Your like heaven to me

Your all I need just like heaven
You make my day baby girl your all I need
Your all I need just like heaven hurry up little girl baby girl
let's go away

Baby when I think about it
A nigga play dumb
And all these earthly riches
Will never amount to you
Plus you know my story is genuine

Your all I need just like heaven
You make my day hurry up little girl
Baby let's go away
Your all I need just like heaven hurry up little girl
Baby girl let's go away
