

I Saw The Star Of Bethlehem

Bill Miller

I saw the star of Bethlehem I saw the star of Bethlehem
and on that eve I saw the star I saw the star of Bethlehem I saw the star of Bethlehem
I saw the star of Bethlehem I felt the spirit from within the joy of the Creator's plan for every woman child and man
And on that night the snow fell on the mountains
And from the sky the snow fell on the plain
and on that night the child of peace and promise was born on earth for all the tribes of men
I saw the star of bethlehem i saw the star of bethlehem i saw the star of bethlehem and on that winters eve i saw the star of bethlehem
