

# Give Me Wings

Bill Monroe

I've been looking around  
There's a whole new world I see  
And so many things that I can do  
With your strength in me

Now I ask you to hear  
As I sing of brighter days  
For I need to have you very near  
Come and find the way

Give me the wings  
Of an eagle  
I will soar into the sky  
Give me strength  
To hold a brother's hand  
As he's passing by  
Give me the eyes  
Of tomorrow  
Let me see what I can find  
If you lead me  
I will follow now  
Give me wings to fly

You've been watching me grow  
As you gently lead me on  
It's your love and power that I know  
Guides and keeps me strong

Now I ask you to hear  
As I sing of brighter days  
For I need to have you very near  
Come and find the way

Give me the wings  
Of an eagle  
I will soar into the sky  
Give me strength  
To hold a brother's hand  
As he's passing by  
Give me the eyes  
Of tomorrow  
Let me see what I can find  
If you lead me  
I will follow now  
Give me wings to fly

High above the clouds  
I can see the beauty down below  
And I know you're holding me  
I'll never fly alone  
Alone

Give me the wings  
Of an eagle  
I will soar into the sky  
Give me strength  
To hold a brother's hand

As he's passing by  
Give me the eyes  
Of tomorrow  
Let me see what I can find  
If you lead me  
I will follow now

Give me to reach the sky  
Moving up I'm rising high  
Give me wings to fly
