

Mule Skinner Blues

Bill Monroe

Good morning captain
Good morning sky
Do you need another mule skinner
Out on your new road line

I like workin'
I'm rollin' all the time
I can pop my initials
On a mule any old time

I'm going to town
What do you want me to bring you back
Bring a walking cane
And a John B. Stetson hat

Hey little water boy
Bring that bucket around
If you don't like your job
Set your water bucket down
