

Don't It Make It Better

Bill Withers

Taking good care of me
And I'm thankful that you're thoughtful
Needed somewhere to be
And someone in my life
To share the feelings of love that everybody needs
And it makes it all better
Don't it make it better

Taking good care of me
Sweet attention not to mention
Being aware and free
And don't make it nice
To share the feelings of sweet love that everybody needs
And it makes it all better
Don't it make it better

Ooo, don't it make it better
Ooo, don't it make it better
Ooo, don't it make it better
Don't it make it easier on your mind

Taking good care of me
And I'm grateful that you're faithful
Making it better for me
And really makes it nice
To share the feelings of sweet love that everybody needs
And it makes it all better
Don't it make it better

Ooo, don't it make it better
Ooo, don't it make it better
Ooo, don't it make it better
Don't it make it easier on your mind

Ooo, don't it make it better
Ooo, don't it make it better
Ooo, don't it make it better
Don't it make it easier on your mind

Ooo, don't it make it better
Ooo, don't it make it better
