Let Me in Your Life

La, la, la La, la

I only want to love you Please don?t push me away Let me in your life

I wasn?t even there when he hurt you So why should I have to pay Let me in your life

I want to share your tomorrows So I must beg you today If he?s the cause of your sorrows Be glad that he?s gone away

I need someone, let me love you Please don?t push me away Let me in your life

La, la, la La, la La, la, la La, la

Bill Withers
