

Whose Little Girl Are You

Billy Ocean

Hey you sweet little girl
Tell me whose little girl are you, babe?

I see you each Friday night
You look so good, you're out of sight
Why do you stand there all on your own?
If you ever look my way
Girl, it would make my day
So come on and dance now
Don't be alone
[?] taking you home

Hey you sweet little girl
Tell me whose little girl are you, babe?
Hey you cute little girl
Tell me whose little girl are you, babe?

You've got the soul that I
I feel like I can dance all night
Girl, it's a feeling I can't explain
Cause you're the one I've been waiting for
Never felt so sure
Give me your number, tell me your name
Gotta see you again

Hey you sweet little girl
Tell me whose little girl are you, babe?
I got to know
Hey you cute little girl
Tell me whose little girl are you, babe?

I'll give you all of my heart and everything in my soul
Take what you see girl
I'll give it all to you little girl, oh yeah
Be my little girl

Hey you sweet little girl
Tell me whose little girl are you, babe?
I got to know
Hey you cute little girl
Tell me whose little girl are you, babe?
Come on, tell me now!

Hey you sweet little girl
Tell me whose little girl are you, babe?
I got to know
Hey you cute little girl
Tell me whose little girl are you, babe?
Come on, tell me now!
