

# It's My Pleasure

Billy Preston

It's my pleasure to entertain people  
It does a lot for me  
I see a crowd of people digging the music  
That God gave me, thank You, Lord

It's my pleasure to entertain the people, yes it it  
And see them glow  
I see a crowd of people all together  
They see the good song, oh my

It's my pleasure to entertain people  
It does a lot for me  
I see a crowd of people digging the music  
What a beautiful sight to see, check 'em out  
Watch 'em moving

Entertain the people  
People wanna be entertained  
Entertain the people  
People wanna be entertained  
Entertain the people  
People wanna be entertained  
Entertain the people

It's my pleasure to entertain people  
It does a lot for me  
I see a crowd of people digging the music  
What a beautiful sight to see, check 'em out

Entertain the people  
People wanna be entertained  
Entertain the people  
People wanna be entertained  
Entertain the people  
People wanna be entertained  
Entertain the people
