

Dirt 'Neath Your Feet

Billy Walker

I picked up your heart from the ashes
Of a burning love that once drew you down
I gave to you love and affection
Just thinking that a true love I had found

But I find I'm just dirt 'neath your feet
Slowly being trampled in the ground
Showing how you proven in discreet
Like dirt 'neath your feet you turned me down

It never crossed my mind that you'd forsake me

After all the love you said we shared
But now I know I've made a mistake dear
You broke my heart by telling me you cared

Cause I find I'm just dirt 'neath your feet
Slowly being trampled in the ground
Showing how you proven in discreet
Like dirt 'neath your feet you turned me down
