

You've been fighting back an unbearable
Feeling of no way out
Slipping further into the deepest part
Of troubled mind where you reside

No, I don't want to see you suffer
No, I don't want to see you cry
I don't want you to disappear from my side

Yeah, I know that you did all you can
Yeah, I know that you truly tried
There is hope for you my friend
I will be there to the end

'Cause whenever you fall too far
I will dive for you into darkest blue
You will never be on your own
'Cause I will dive for you into darkest blue

You've been looking up to a God above
Asking why were you left behind
Sinking further into the darkest part
Where guiding lights fade out of sight

No, I don't want to see you suffer
No, I don't want to see you cry
I don't want you to disappear from my side

Yeah, I know that you did all you can
Yeah, I know that you truly tried
There is love for you my friend
I will be there to the end

'Cause whenever you fall too far
I will dive for you into darkest blue
You will never be on your own
'Cause I will dive for you into darkest blue

You've been holding in your breath
Trying to reach the call below
But the light fades out the deeper you go
I will find you in the dark
No matter how far you must go
I will be there where you are
I will be there where you are

'Cause whenever you fall too far
I will dive for you into darkest blue
You will never be on your own
'Cause I will dive for you into darkest blue

You will never be on your own
'Cause I will dive
You will never be on your own
'Cause I will dive

Into darkest blue, I will dive for you, into darkest blue
