

# Empire

## Birds of Tokyo

They don't want to be there  
When the sky begins to roll  
We won't be defeated  
Every empire has to fall  
Let's bring it all down  
Let's bring it all down

We follow the orders  
Of men who lead blind  
Into the grave from the cradle  
The skin of tomorrow  
Will never be mine  
Under the heel of a devil

No there won't be a rescue  
Not even a martyr can pay for the lies  
(No there won't be a rescue)

They don't want to be there  
When the sky begins to roll  
We won't be defeated  
Every empire has to fall  
Let's bring it all down

They feed us the poison  
Call it champagne  
We carry a thirst like an ocean  
They fashion affliction  
But keep the vaccine  
Setting a fear into motion  
No there won't be a rescue

Not even a martyr can pay for the lies  
(No there won't be a rescue)

They don't want to be there  
When the sky begins to roll  
We won't be defeated  
Every empire has to fall  
Let's bring it all down  
Bring it all down  
We'll bring it all down

Come on be reckless with me  
I beg you  
Come on be reckless with me  
I dare you  
(To run with open eyes)  
Don't argue  
(And make the sacrifice)

They don't want to be there  
When the sky begins to roll  
We won't be defeated  
Every empire has to fall  
Let's bring it all down  
Bring it all down

We'll bring it all down  
Bring it all down  
Bring it all down  
Bring it all down
