

## Wild Eyed Boy

Birds of Tokyo

One last kiss  
The few and the far between  
Assuming it's my first time  
Assuming it ought to be

Send me an IOU  
I'll send you another chance  
To see if you got my back  
To see if I can depend on you

Wild eyed boy  
Your heart still won't settle  
Wild eyed boy  
How much can you take?

Say my name  
If you truly wanna see  
What matters and what's for real  
What you should have meant to me

Sing me a lullaby  
Sing me a song of change  
Assuming that I don't mind  
Assuming that I depend on it

Wild eyed boy  
Your heart still won't settle  
Wild eyed boy  
How much can you take?

Wild eyed boy  
Your heart still won't settle  
Wild eyed boy  
How much can you take?

They told you you're no good to any  
Tell yourself you're so good to many  
Sell your soul you're no good to any  
How much can you take?

Wild eyed boy  
Your heart still won't settle  
Wild eyed boy  
How much can you take?

Wild eyed boy  
Your heart still won't settle  
Wild eyed boy  
How much can you take?
