

## Kandy Pop

Bis

Sugar sugar kandy pop  
Push it down and pull it up  
Sugar sugar kandy pop  
Just don't let the music stop

You've got the brains, I've got no brawn  
You wanna stop, I keep it on  
You've got the brains, or so you say  
Maybe you'll see things in another way

I've got better things to do  
Than hang around with you and you  
I've got better places to be  
You know the only one is me

Sugar sugar....

Oh, oh, oh, kandy pop  
Oh, oh, oh, kandy pop  
Oh, oh, oh, kandy pop  
Oh, oh, oh, kandy pop

Sugar sugar....

You've got the pain but I don't want to know  
And you can keep on trying to put me off  
By saying you've got the brains or so you say  
Maybe you'll see things in another way

I've got better things....

Sugar sugar.....
