

Plastik People

Bis

Hey plastik people you're the stars of the screen
Seen you posing in your magazines
Watch your movements so synchronized
Can't avoid you on a friday night

Ooh oh oh the plastik people
So synchronized

Hey t.v man says you'll go far
You got a record deal, a new sports car
What's the matter with yr plastik face
Have you got a hair out of place?

Ooh oh oh the plastik people
So synchronized

Ooh oh oh the plastik people
On a friday night

Ooh oh oh the plastik people
