

Hey Nicki

Bizarre

Oh Nicki you're so fine you're so fine you blow my mind
Hey Nicki Hey Nicki
Oh Nicki you're so fine you're so fine you blow my mind
Hey Nicki Hey Nicki
Oh Nicki you're so fine you're so fine

Jamaican queen is about to catch a flight
I'll be there six a clock tomorrow night
Jump off the flight hit the hotel
Jump in the shower I must descale
Unload my bags pull out the douser
Jacking off to this Nicki Minaj poster
I'm thinking about her all on the highway
Before I bust a nut I yell pink Friday
My God she's so fucking sexy
She's not a Barbie she's more like a Becky
Every day I think about what she's wearing
When the TV come on I can't stop staring
You from Trinidad so is my Dad
I'm lying he's a fag that got shot in Bagdad
How about I pull a pink wig
How about you wear a shower cap
How about I star at you for six hours while you take a fucking nap

Oh Nicki you're so fine you're so fine you blow my mind
Hey Nicki Hey Nicki

Oh Nicki you're so fine you're so fine you blow my mind
Hey Nicki Hey Nicki

My dear my dear you do not know me but I know you very well
Because I follow you on twitter and Facebook and Myspace and Youtube and
MyPinkFriday
Hey Onika is nice to meet you
I wanna invite you to a dollar slice a pizza
Put our trunks on and dive in the pool
How about we have lunch at black while in middle school
It's the end of the world it's almost Armageddon
If you and Drake get married I'm fucking up their wedding
Knocking over tables spitting in food
Kanaiver make sure don't make a move
I'm obsessed with you Nicki I'm just like Stan
I wanna be your girlfriend and your best friend
And I heard about your Daddy trying to blow up the house
Next time I see him I'm a blow out his mouth
And tell Jacob to take off that makeup
And a matter of fact you and Lil'Kim should make up
I'm a say one more thing before I leave
Remember I will eat your pussy for life
For life for life
