

I Love The Babies

Bizarre

It's Mr. Boogeyman come to pay you a visit
The dude from the Green Mile
And I don't give a fuck about killing no child
Shut the fuck up before I?
Lock the door, run in the house
Matter of fact, don't come out
Fuck old ladies
I'm after little babies
?, a known fighter
Fuck a cypher, I'm trying to change a diaper
There's something about a newborn that turns me on
I'm lonely, I need to keep?
Baby crying, I think she need her mother
'Bout to burn her ass cheeks with hot butter
I'm a boogeyman, I'm a boogeyman
I love the babies, I hate the kids
I love the babies, I hate the kids
I'm a boogeyman, I'm a boogeyman
25 seconds, it's about to be a slaughter
Bizarre's about to potty train your daughter
Look at those Huggies, nice and comfy
Keep safe, bitch, give me all the money
Bitch, ain't nobody laughing
What the fuck you think is about to happen
This is about to happen
I'm 'bout to rape Johnny
And turn around and do the same to his mommy
Matter of fact, I'mma let Johnny hide
Chicken noodle soup with a dick on the side
And say he? like that girl named Precious
I'm fucked up, I made the wrong decisions
Fuck it, I'll get buttfucked in prison
