

# Generous Palmstroke

Björk

I am strong in his hands  
I am beyond me  
on my own I'm human  
and I do faults

I do confess  
I feel you trickelings  
down my shoulders  
from above

I turn myself in  
I give myself up  
volunteer  
you own me I'm yours

you have to trust it  
I'm eternally yours  
all that I gave them  
I gave to you

so needy of comfort  
but too raw to be embraced  
undo this privacy  
and put me in my place

generous palmstroke  
the hugest of hugs  
undo this privacy  
embrace

embrace me  
embrace me  
embrace me

I am strong in his hands  
I am above  
way beyond me  
I.... con...

she's strong in his hands  
she is beyond her  
on her own she is human  
and she does faults

she's strong in his hands  
she is beyond her  
on her own she is human  
and she does faults
