

## Black Sin (spit On The Cross)

### Black Breath

Nothing is left  
Only the mask of the goat  
Releasing death  
Imprisoned inside of the host

Death lust  
Darkest of sin  
Black sin

Rapture in blood  
Symbols on the breast  
Chanting the name  
Of the one who has no breath

Death lust  
Darkest of sin  
Black sin

Come take this knife and slip it in the breast of the babe Drink the blood from the cup  
Reject christ, spit on the cross

Black sin
