

Collide

Black Country Communion

So deep in conversation
I gotta keep control
My secret on the station
The wire to my Soul

The flame it is burnin'
It kill my alibi
The wheel it keep on turnin'
No time to wonder why

I'm feeling like an alien
Justified
Been healing in the radiance
You're my Guide
I'm livin' in the harmony by your side
We just collide

I heard there is a rumor
You testified your fate
I'll get to you much sooner
Don't live and die in hate

I'm feeling like an alien
Justified
Been healing in the radiance
You're my Guide

I'm livin' in the harmony by your side
We just collide

I'm feeling like an alien
Justified
Been healing in the radiance
You're my Guide
I'm livin' in the harmony by your side
We just collide
Oh, collide
