

# Everybody's Doin' It

Black Lips

Everybody's doin' it, you can do it too  
Jumpin off a bridge now, see just what you do  
Cause if you want more, that's just what you do now baby  
Cause if you want more, that's just what you do if you want  
Cause if you want more, that's just what you do now baby  
Cause if you want more, that's just what you do when you want

When you want, when you want more  
Cause you want more, and you want more and you want more  
Playing Russian roulette now  
We'll pass the gun to you  
See just what your made of  
See just what you do

Cause if you want more, that's just what you do now baby  
Cause if you want more, that's just what you do if you want  
Cause if you want more, that's just what you do now baby  
Cause if you want more, that's just what you do when you want

When you want, when you want more  
Cause you want more, and you want more and you want more  
(Ahh)

Cause you want more  
Cause you want more  
Cause you want more  
Cause you want more
