

# Sea Of Blasphemy

**Black Lips**

We're down the super highway all alone  
A choppin' bag full of broken bones  
Sick and tired of hearing telephones  
Now I'm stuck in futuristic drones  
'Cause a  
Sea of vandal  
Lost my candle  
Lost my handle  
And now I'm really on my own  
[Breaking glass, noises]  
Sea of vandal  
Lost my candle  
Lost my handle  
And now I'm really on my own  
Needa get out of this town of blasphemy  
Shampoo in my eyes, I cannot see  
Emancipated, but not really free  
And why ain't I who I wanna be?  
'Cause a  
Sea of vandal  
Lost my candle  
Lost my handle  
And now I'm really on my OWN!
