

Best In The West

Black 'N Blue

I been just about everywhere
And I know what I like the best (you tell 'em "Saint")
We got it right here in the U.S.A.
No, no, nobody can protest
Shake it up baby
Steal the show, oh yeah, oh yeah
My, my, my, my, yeah
You and me, maybe
We'll jump in my wagon and go
Ah ha yeah, wooh
Let's go

Hot nights
A boy's disease
I can't leave her when I'm down on my knees

Everywhere you go, everybody knows
She never takes a rest, she's the best in the west (she's the best in the west)
Like horses on the run, cat's have got your tongue
Better than the rest, she's the best in the west

Oh yeah, I'm talkin' 'bout a bombshell (a bombshell)
Oh she's like a big earthquake
She likes to rattle me all the time
She's just a rattlesnake (oh, she bites)
Get along baby, get up and go, oh yeah
You and me, maybe, we'll jump in my saddle and go
Oh, wooh, let's go

Hot nights
A boy's disease
I can't leave you, baby
When I'm down on my knees

Everywhere you go, everybody knows
She never takes a rest, she's the best in the west
Like horses on the run, cat's have got your tongue
Better than the rest, she's the best in the west

I mean, what you talkin' 'bout Saint?
I can't hear you, I mean like a
Who do you think you are man?
And where have you been? Tell me

Can you hear me in Ohio, hey
Can you hear me in Tennessee
Wake up Texas, and Michigan (wake up, Michigan)
California all the way to New York

(Solo)

Hot nights
A boy's disease
I can't leave her when I'm down on my knee, knee, knees

Everybody knows

She never takes a rest, she's the best in the west (she's the best in the west)
Like horses on the run, cat's have got your tongue
Better than the rest, she's the best
She's the best in the west
Horses on the run, cat's have got your tongue
She's the best in the west
Oh my little baby
She's the best in the west, best, best
Shes' the best in the west
Shes' the best in the west
