

# Anyone but Me

Blackbear

Even though it was long ago  
I'm still caught up in the undertoe  
And the waves come  
Crashing over me  
Cause I'm caught up in  
Who I couldn't be  
Cause what you want  
And what you need  
Is a man that I could never be  
And what you want  
And what you need  
Is anyone, anyone but me

Couple years older than me  
Met you at duke  
You were out of my league  
I was dating Caroline  
At the time I met you  
She didn't got a song  
Now she doesn't get two  
Years disappear, years blow by  
You fell in love with me  
I don't know why  
But every time I'm in the city  
On tour  
I pretend I'm your man  
And for those hours  
I'm yours  
But you deserve better  
We both know it  
I fucking love you  
I never showed it  
Gone as soon as I came  
Get a real guy baby  
Anybody but me

Cause what you want  
And what you need  
Is a man that I could never be  
And what you want  
And what you need  
Is anyone, anyone but me

Remember you were out of my league  
I've been hitting homers baby  
Now I'm big leagues  
I swear  
Imma wife you up one day  
But for now I just text you  
When I'm on the runway  
Sorry  
Say I'm in town  
You say for how long  
Say I don't know  
Some more small talk  
I go to work for a while in the studio  
When I'm done I'm gonna hit it like a groupie hoe

But your not though  
And we both know it  
I fucking love you  
I never show it  
Gone, as soon as I came  
Get a real guy baby  
Anybody but me

Even though it was long ago  
I'm still caught up in the undertoe  
And the waves come crashing over me  
Cause I'm caught up in who I couldn't be  
Cause what you want  
And what you need  
Is a man that I could never be  
And what you want  
And what you need  
Is anyone, anyone but me  
A couple years ago  
We had it all  
It seems like almost every single day  
I wouldn't pick up and call  
Way back in the day  
Before I learned to stay in touch  
I had to get my knees scraped  
Before I learned to never fall  
Cause you deserve better  
Trust me id know  
Sometimes I hate you  
Sometimes I hope it shows  
And you deserve anybody but me  
Cause what you want and what you need  
Are two completely different things  
Cause what you want  
And what you need  
And what you want  
And what you need  
Is anyone, anyone but me
