

# 1,000 People

Blackfield

A thousand people yell  
They're shouting my name  
But I want to die in this moment  
I want to die

And a thousand people smile  
They're smiling at me  
But I want to die in this moment  
I want to die

No way to understand  
Why I've become the way I am

When the sky is filled with stars  
I find a place inside my heart

Some people can take a blow  
And they won't ever drop  
But I want to die in this moment  
I want to die

She will tell me she loves me  
That she won't ever stop  
But I want to die in this moment  
I want to die

The coldness in my soul  
And I reach out for her to hold

And then I watch her close her eyes  
It's only me that needs to cry

And if I stay with you  
Do you believe that I'll pull through?

No way to understand  
Why I've become the way I am

When the sky is filled with stars  
I find a place inside my heart  
And then I watch her close her eyes  
It's only me that needs to cry

A thousand people yell  
They're shouting my name  
But I want to die in this moment  
I want to die
