

Missing the Rain

Blaine Larsen

We've been playing down here on the gulf
In this beautiful weather
And that warm breezy blow's on my face
Could not feel better

The van's on the beach, having lots of fun
Lying on their towels and soaking up the sun

And I'm missing the rain

That [?] they say
It stays like this all summer and winter
It's been cloudy back home in Seattle
Since early September

They're running the cars, umbrellas in hand
Wishing they had my weekend saying

And I'm missing the rain

And I've had my fill of Margarita [?]
Even though I'm a big buffet fan
And if he knew how I was feeling tonight
Well I'm sure that he'd understand
I'm missing the rain
Aw yeah!

She called me last night just to see
How things were going
And I held out the phone so she'd hear
The sound of the ocean

She never let on if she was blue at all
But on my end I could hear a tear fall

And I'm missing the rain
And I'm missing the rain
Yeah, I'm...

Missing the rain
