

Zipper Don't Work

Blakk Audio

I cannot understand it
I wore your favorite dress
As you went on about it
I took it off to no digress

Why must you make, you make me wait?
Why, when there's so much to see?
(Oh, so much)
What can I do, for heaven's sake?
When will you move to touch me?
(Touch me)

I brought a red rose
I bought some new clothes
Help me with this shirt
This zipper won't close
I brought a red rose
I bought some new clothes
Help me with this skirt
This zipper don't work

I may have poorly planned this
What's underneath this dress
I wore to end all wars
I'd bare my arm but you're a violent mess

Why must you make, you make me wait?
Why, when there's so much to see?
(Oh, so much)
What can I do, for heaven's sake?
When will you move to touch me?
(Touch me)

I brought a red rose
I bought some new clothes
Help me with this shirt
This zipper won't close
I brought a red rose
I bought some new clothes
Help me with this skirt
This zipper don't work

Where is your mind?
Where is your mind?
Where is your mind?
Focus, focus
Where is your mind?
Where is your mind?
Where is your mind?
Focus, focus on me

Why must you make, you make me wait?
Why, when there's so much to see?
(Oh, so much)
What can I do, for heaven's sake?
When will you move to touch me?
(Touch me)

Why must you make, you make me wait?
Why, when there's so much to see?
(Oh, so much)
What can I do, for heaven's sake?
When will you move to touch me?
(Touch me)

It's oh so much
It's oh so much
Focus on me
