

[Blaque (Natina)]  
Oooh (yea yea yea yea)  
Oooh (yea yea yea yea)  
Oooh (yea yea yea yea)

[Natina]  
Check it out  
See what I believe is  
We was granted the power  
What's that? Power, wha...  
Ha, the power to make you dance  
Like this

[Shamari]  
I heard she's got a 9 to 5 (yea yea yea yea)  
But comin' in after 12 (check it out)  
I know they're tired of her lies (yea yea yea)  
Just let her go, what the deal? (wha wha wha wha)  
(wha wha wha)  
And now take me for instance babe (uh huh)  
See my love will drive her crazy

[Chorus:]  
'Cause I'll be goin' boom like an 808  
Be makin' circles like a figure 8  
You know it feels good from head to toe  
Now hold on to me baby here we go

You'll be goin' boom baby boom baby boom  
And I'll be goin' ooh baby ooh baby ooh  
(check it out)

[Shamari]  
I heard she's not all that to you  
Cause she can't do it like I do (ha ha ha)  
So put that trophy on the shelf (wha wha wha wha)  
Go about and find somebody else  
Now take me for instance babe  
See my love will drive her crazy (wha wha yeah)

[Chorus]

You'll be goin' boom baby boom baby boom  
And I'll be goin' ooh baby ooh baby ooh

Cause I'll be goin' boom like an 808...

[Natina]  
Ain't nobody can bang it like me  
Stack it like me, wouldn't like me  
Ask Kelly, his original plan  
To get as large on the map, by makin' you clap your hands  
Damn shoo bizzatch, I'm not gonna lie  
I'll pump my amps to this  
Cutie pie, honey bunch  
If you're not busy take me to lunch  
Oh, ya'll done did it now, with the luscious music

World poppin' crews, and what, 8-0 grooves  
Is what intended, you to get me up you  
You one in a mill, forget the mens  
Cause they ride in my pockets baby  
And today I just wanna  
Jiggle my ball  
Bet I knock your socks off  
Wit' my what what what (wha wha wha wha)  
Yea yea

[Chorus 2:]  
Boom like an 808  
Circles like a figure 8  
Feels good from head to toe  
To me baby here we go

[Chorus 2 X2]

You'll be goin' boom baby boom baby boom  
And I'll be goin' ooh baby ooh baby ooh (check it out)

Cause I'll be goin' boom like an 808...
