

# Dead Neck

## Blaze Ya Dead Homie

It's ROC, Its '07  
Out with the old, In with the new  
Blaze said the cemetery full of dead neck bitches  
They swallow, I believe him I don't know why but I do

[Blaze]  
Scopin' on the streets and rollin' with windows down  
I get so hard that it leaves cracks in the motherfucking ground  
I want the dead to wake up and ride with me  
Baby I'm tipsy from sipping on the Hennessy, smoking sweet leaf  
Roll in the cemetery, anyone will do  
Turn up the volume and take a look all around you  
Bitches arise from the grave like "Hey we heard you like to listen and we go  
t a lot to say, you wanna chat?"  
Bitch fuck that  
I want to bust a quick nut  
Me and my homie Boondox is looking to get our dick sucked  
We want some dead neck and you know what it's about  
So come over here and put our fuckin dicks up in ya mouth

[Chorus x4]  
Let me get some of that dead neck  
Dead bitches suck a good dick

[Boondox]  
Connected with the dead  
These tricks is needin' fed  
Throwing dick off in cadavers  
Fucking holes in they head  
Getting brain from a brain  
Got me going insane  
And the slit off in her throat is where my nuts hang  
Dancing zombies bitches like I'm up in the club  
Shoving dollars through their stitches, necrophiliac love  
It's all good with these ho's when they working the pole  
Got they tonsils mutilated by Blaze and the Scarecrow  
Yo shorty, work it twerk it, drop that dead ass  
Get down on your knees, open wide for the next blast  
Come hooked, don't rock it with a full pocket  
We just getting started, now I'm going for the eye socket

[Chorus x4]  
Let me get some of that dead neck  
Dead bitches suck a good dick

[Blaze]  
Now I'm back to the cemetery every other Friday  
Looking for the same crusty bitches that do it my way  
Boondox bought a forty, got a fifty ???  
So I'm gonna see how freaky they can be  
Dead ho's show up in droves  
All searching for dick holes  
Put it in one and pulled it out  
With half her throat still attached  
The home girl gobbling on my nuts like they were snackin'  
These are the kind of hos that I attract  
Dead bitches want dick and this is obvious

By the way they stuff the whole thing in they esophagus  
And that's How I like it, I'm hooked on dead neck  
Fuck a hood rat cause this is the best yet  
Dead neck, this is where it's at.

[Chorus x4]

Let me get some of that dead neck  
Dead bitches suck a good dick

Explain to me how an encounter with the dead in the cemetery can be an addiction?

Whether or not the woman is alive or dead is irrelevant.

It's the art of love making that we hold and cherish in our heart.
