

## Line in the Sand

### Bleeding Through

The line is being drawn through my heart.  
And we're conceiving fires through our thoughts.  
You're just like me  
You're just like me.  
This is everything I wanted to tell you.  
I'm still in love with everything about you.  
I feel the wreckage from everything you do  
And I'm tired of still waiting.

If I told you the truth now,  
Would you still leave and take my heart?  
And I still feel ugly and you're ugly just like me.  
When I told you the truth now,  
Would you still leave - will you ever change?  
And I still feel empty.  
Will I always lose this game?

This is everything I wanted to show you  
I'm no longer scared of anything about you  
I lived through the damage of the heart you took from me  
And I'm tired of still wanting.

If I told you the truth now,  
Would you still leave and take my heart?  
And I still feel ugly and you're ugly just like me  
If I told you the truth now,  
Would you still leave - will you ever change?  
But I still feel empty.  
Will I always lose this game?

If I told you the truth now,  
Would you still leave and take my heart?  
But I still feel ugly and you're ugly just like me  
If I told you the truth now,  
Would you still leave - will you ever change?  
And I still feel empty.  
Will I always lose this game?
