

# Love Nightmare

Blessed By A Broken Heart

I'm torn between two loves  
By one and want what's mine  
Too serious up until I lied  
I'll never let it go  
They all do  
So you're so beautiful  
But you never understand  
I'll never let it go  
Never let it go

Do I give end?  
To this formality  
Or do I chase what's in my heart?  
You cannot escape this  
Love nightmare  
Is what we share  
Love nightmare  
But you don't care  
Love nightmare

This crazy girl wants motivation  
I gazed her ...  
What you say why now?  
And I do ...  
You should have never slipped on snakes  
And now you're saying with regret  
While I sing this song  
I'm going to go for broke

Do I give end?  
To this formality  
Or do I chase what's in my heart?  
You cannot escape this  
Love nightmare  
Is what we share  
Love nightmare  
But you don't care  
Love nightmare

...

Love nightmare  
Is what we share  
Love nightmare  
But you don't care  
Love nightmare  
Is what we share  
Love nightmare  
But you don't care  
Love nightmare  
Love nightmare  
Love nightmare
