

# You Know I Know You Know

Bleu

We had a moment  
We had a long talk  
We had a few laughs  
We had a night off  
We had a few drinks  
We happened so fast  
Before I noticed  
We had a sofa  
I know, I know, I know, I know we had a few flights  
I don't see why we had to say bye

I'm doin' fine  
My friends all say so  
I'm doin' all right  
But that don't mean dick unless you know, I know, you know

I got my good days  
I got my bad days  
I know, I know, I know, I know that everyone does  
And I know one day I'll be like I was  
I'm goin' out more  
And I been datin'  
There's even one girl I'm kinda seein'  
She really likes me  
We got a good thing  
She keeps on tellin' me...

I'm doin' fine  
My friends all say so  
I'm doin' all right  
But that don't mean dick unless you know, I know, you know

I know you think things will never change  
But I think I know somethin' you don't  
Give me the chance to explain

I'm doin' fine  
I'm doin' all right  
But that don't mean dick unless you know, I know, you know  
I know, you know, I know, you know
