

Bean

Blonde Redhead

The way we go
All too soon
Way far away
From all we know
To all we deny
To see your smile
With a crown on your head
To meet those again
Not to be sincere
And all the cares

Nothing to share
I just want it back
I never thought to leave
To be so ??
Let's stand on a hand
With a ??? so relax
Even i could relax
To see you smile
For all my love
All this too soon
The way we go
