

Cat on Tin Roof

Blonde Redhead

You're only
Keep own it
Any move
And you're only
You got to own it
Any leave

I let you know and then no way
I let you know I'm a no way
I let you know and then go away
You got to move away

And you're only
Keep own it
Don't move
And you're only
You got to own it
You don't need

I let you know and then no way
I let you know I don't know way
I let you know got to go
You got to move away

I mean it should work on it a little bit more
