

Give Give

Blonde Redhead

Give, give
Give out words without traces
Give, give
Give out love without spaces

Can I come along just to see what I will do?
I know it's hard for you to do

Give, give
Give out names without faces
Give, give
Give a hand without phrases

Can I come along just to see what I will do?
I know it's hard for you to do
Can I come along just to see what I will see?
I know it's hard for you to do
