

Otherside of Fear

Blood On The Dance Floor

[Intro: Dahvie Vanity]

It's like a nightmare revisited
The horror of you screaming
I couldn't save you
Oh, life has gone to hell
Need to break free from this spell, yeah

[Chorus: Fallon Vendetta]

Everything you want is on the other side of fear
We all gotta cross the road, yeah
Everything you want is on the other side of fear
We all gotta cross the road

[Verse 1: Dahvie Vanity]

I terminate, assassinate
I take my enemies and blast away
But when my enemy is myself
[?], and I need some help
But I look in the mirror, who do I see?
Ultimas back in the [?] like as me
Limit break, it's start at zero
Here's to the fall of a anti-hero
Crippled by darkness, trapped by fear
My love is in danger, that end up here
Holding on to my only hope
Everything I want is the on other side of fear
Raise my sword, I stand to fight
My voice is weapon, I cast the light
Reckoning on all my demons
[?], now we're even

[Chorus: Fallon Vendetta]

Everything you want is on the other side of fear
We all gotta cross the road, yeah
Everything you want is on the other side of fear
We all gotta cross the road

[Verse 2: Dahvie Vanity]

I won't submit to my fears
I drive the wheel on, I steer
And then darkness I was has only sixty minutes
I won't give in my thoughts
I'm on the edge of despair
Cause in my head is underwater finding to come up for air
And I'm drowning, I'm fighting, I'm kicking, I'm screaming
I'm broken, I'm frozen, I'm chosen
Free me from myself
What fear stands for:
False Evidence Appearing Real
I designed this rhyme to remind myself when I face another ordeal

[Bridge: Fallon Vendetta]

Don't let me
I'll catch you
Don't let me
I'll catch you

[Chorus: Fallon Vendetta]

Everything you want is on the other side of fear

We all gotta cross the road, yeah

Everything you want is on the other side of fear

We all gotta cross the road

Everything you want is on the other side of fear (Don't let me)

We all gotta cross the road (I'll catch you)

Everything you want is on the other side of fear (Don't let me)

We all gotta cross the road (I'll catch you)

[Outro: Dahvie Vanity]

Fear stands for

False evidence appearing real

It doesn't exist

It doesn't
