

Sober Again

Blood or Whiskey

[Intro]

D G D A D G D A D x2

[Verse 1]

D **G**
The usual morons were fighting outside that place
D **A**
Inside the posing was rife
D **G**
I wasn't ready like you to accept them
D **A** **D**
As peers for the rest of my life

[Verse 2]

D **G**
Poised for a picture that no one was taking
D **A**
You'd hang on their words as a rule
D **G**
I'd never bought that but still was afraid
D **A** **D**
To get caught on the wrong side of cool

[Chorus]

G **A**
Time to go sober again
D **G**
Same old faces and nothing is new
D **G**
Leaving today I'd no right to go say
D **A** **D**
That I hate what they're doing to you

[Verse 3]

D **G**
The only one you'd ever wanted to be was yourself
D **A**
But they had to have more
D **G**
They told you to change what you thought to combine
D **A** **D**
With the image that most of them wore

[Verse 4]

D **G**
You said if I stayed I might win their approval
D **A**
And that would mean so much to you
D **G**
I'd say I'll be back but for now all I know
D **A** **D**
Is I need something different to do

[Chorus]

G **A**
Time to go sober again
D **G**

Same old faces and nothing is new
