

Vertigo

Blood Red Shoes

Wrap me round your little finger
I will never tell you to stop
Run me out along the wire
You will never hear me drop
I feel like nothing
And I love it
I feel like nothing
And I love it

Tell me that I'm only zero
It will only make me smile
Leave me naked in the snow
It will all be worthwhile
I feel like nothing
And I love it
I feel like nothing
And I love it

Hurt me, oh hurt me, just the way I like
Hurt me, oh hurt me, just the way I like you to

Give me everything my heart desires
And take it all away again
I feel like nothing
And I love it
I feel like nothing
And I love it

Hurt me, oh hurt me, just the way I like
Hurt me, oh hurt me, just the way I like you to

Hurt me, oh hurt me, just the way I like
Hurt me, oh hurt me, just the way I like you to
