

Peaceful Easy Feeling

The Blow

I like the sparkle of your earrings
Against the brown of your skin
I want to be with you in the desert tonight
With a hundred million stars overhead

I got a peaceful easy feeling
And I know you won't let me down
Because I'm already standing
I'm al- already standing
I'm al- already standing
I'm al- already standing
I'm al- already standing
I'm al- already standing
I'm al- already standing on the ground

I found out a long time ago
What a woman can do to your soul
Oh, she can't take you anywhere
That you don't already know how to go

I've got a peaceful, easy feeling
And I know you won't let me down
Because I'm already standing
I'm al- already standing
I'm al- already standing
I'm al- already standing
I'm al- already standing
I'm al- already standing
I'm al -already standing on the ground

I get this feeling I may know you
As a lover and a friend
And then this voice that whispers in my other ear
I may never see you again

I got a peaceful easy feeling
And I know you won't let me down
Because I'm already standing
I'm al- already standing
I'm al- already standing
I'm al- already standing
I'm al- already standing
I'm al- already standing
I'm al -already standing
I'm al -already standing
I'm al -already standing
I'm al -already standing
I'm al -already standing
I'm al -already standing
I'm al -already standing
I'm al -already standing
I'm al -already standing
I'm al -already standing
I'm al -already standing
