

Balance Beam

Blue October

G A6/7sus C Em D

G

I haven't been quite the same

A6/7sus C Em D

So sure the story of my life would never change

G A6/7sus C

But in a bright-eyed way, she rinsed out the soap in my eyes

Em D

And wrote a song that I'm about to sing

G A6/7sus C

She's a magnetic girl

Em D

That I hardly even know

G A6/7sus C

So this is not another love song

Em

Just a list of things that I should know

D

And everyone should know that:

G

R: One. You got to take it kind of slowly

C

Two. You got to hurry up and make your move

G D C

Three. You got to tell her how you're feeling

G

And four. You got to be the perfect gentleman.

C G

When you shake the walls, you got to make 'em bend, yeah

D

You got to show her that she's the balance beam

G

And I keep falling all around her fairy tale

A6/7sus C Em D

her fairy tale

We took a walk in the rain.

I suggested, she confess

There's a heart nearby to cast the shame.

Stay cool, but I'm giddy like a school boy.

You got to handle with care this is not a toy.

Then gradually we touched.

And though our clothes were wet, we sat and smiled.

I never thought I'd smile so much

The first kiss always says the most

R: One. You got to take it kind of slowly...
