

## There's a Crime

Blue Öyster Cult

There's a crime going down at my door  
Baby at my door  
There's a girl that I know  
We don't talk no more  
We don't talk no more

There's a crime going down... going down  
Going down

There's a passion in her heart that I don't know  
That I don't know

There's a feeling in her eyes saying please don't go  
Oh baby please don't go

There's a crime going down... going down  
Going down  
There's a crime going down

It's a shame that she's gone  
I'm gonna miss her so  
I'm gonna miss her so

I'm to blame for the crime of robbing her soul  
Of robbing her soul

There's a crime going down... going down  
There's a crime going down... going down  
There's a crime going down... going down

There's a crime going down... going down  
There's a crime going down... going down  
There's a crime going down  
There's a crime going down  
I'm to blame for the crime  
I miss her so  
I'm gonna miss her so
