

## Mellow Jam

Blur

You're the sea, you're the sea  
You'll see, you'll see  
It's your sea, your sea  
It's your sea, your sea  
It's your sea, your sea  
It's your sea  
Who got you lied, she got, she knows  
Whose shot she lies, she got, she knows  
Who should she love, she love she knows  
Who should she loves she goes  
Who she he love, it's all she knows  
Who should she love she does, she knows  
Who should she love, she loves, she knows

Whose shot she lies, beside she knows  
Who shuts his eyes, who does, she knows  
Who shuts his eyes inside, she knows  
Who shuts and tries and dies the lies to solve the lies  
And often cried, who shot the lies  
And brought in a blind  
Away, away, away  
You'll see, you'll see  
You'll see, you'll see  
You'll see, you'll see  
You'll see, you'll see
