

# Alive

Bo Bruce

Walking down the highway  
Traffics coming my way  
All I see are flashing lights

People are in blue suits  
Wana know the real truth  
How many did I have tonight?

Looking at the wreckage  
Anyone guess that all inside her died but I'm alive

Wake up in a strange bed  
Angels over my head  
One of them is shouting clear

Thousand bolts of lightening  
Bring me back to life and it's a miracle that I'm still here  
As I'm coming to I scream it at you  
I need you by my side, oh I'm alive

No I didn't want to go, no I never felt alive, no I didn't watch my life go flashing right before my eyes, no I didn't do the things the day that I said that I would do

I just close my eyes and all I saw was you

All the things in my head  
Everything left unsaid  
I never got a second to say

Know that I adored you  
The moment that I saw you  
Just terrified you'd push me away

We're all dying slowly  
Just want you to hold me  
What are we waiting for?  
We're alive!

No I didn't want to go, no I never felt alive, no I didn't watch my life go flashing right before my eyes, no I didn't do the things the day that I said that I would do

I just close my eyes and all I saw was you

If I don't die lying in the rain and I never know the day that I run to you  
Cause I don't have regrets, just things I never said to you

No I didn't want to go, no I never felt alive, no I didn't watch my life go flashing right before my eyes, no I didn't do the things the day that I said that I would do

I just close my eyes and I all I saw was you
