Good Boys in the Wrong

Bob Geldof

Waiting for the phone to ring
Willie starts to iron things
Annie changed the sheets today
Now rockin' time is here to stay

We are good boys in the wrong
Don't say that you know you shouldn't say that
We are good boys and we're wrong
Don't say that you know you shouldn't say that

Just wind me up I'll sing along
'Cause rockin' time is almost gone
I want to talk about

Time moving slow and I move slowly with it

I don't know if I can jump and swing it
I'll take a chance and wing it
Start me up and help me get away

Davy watch his TV screen
Jump and shout you groovy thing
If everybody thought this way
Then rockin' time would always stay
But now I'll talk about

Time moving slow and I move slowly with it
I don't know if I can jump and swing it
I'll take a chance and wing it
Start me up and help me get away
