

Until You Come Back to Me

Bobby Caldwell

Though you don't call anymore I sit and wait in vain
I guess I'll rap on your door, tap on your window pane
I wanna tell you baby the changes I've been going through
Missing you, missing you
Till you come back to me that's all I'm gonna do

Why did you have to decide that you had to set me free, baby
I'm gonna swallow my pride, begging you, please, please see me
I'm gonna wait on your steps to prove that my love is true
That's what I'm gonna do
Till you come back to me that's all I'm gonna do

Baby, missing you is
Like living in a world of misery
But there must be a way to change your view
And make it the way it used to be

I'm gonna rap on your door, tap at your window pane
I'll be so hard to ignore, maybe you'll come back to me again
And I'll keep ringing your phone until I get a hold of you
Till I get through, believe me baby
Till you come back to me that's all I'm gonna do

I wanna tell you baby the changes I've been going through
Missing you, missing you
Till you come back to me that's all I'm gonna do
Till you come back to me that's all I'm gonna do

Till you come back, till you come back
That's all I'm gonna do
Yes that's all I'm gonna do till I hear from you
That's all I'm gonna do
Baby, baby, baby, baby, you
That's all I'm gonna do
That's all I'm gonna do
