I Won't Last A Day Without You

Bobby Darin

Day after day I must face a world of strangers Where I don't belong, I'm not that strong It's nice to know that there's someone I can turn to Who will always care, you're always there

When there's no getting over that rainbow When my smallest of dreams won't come true I can take all the madness the world has to give But I won't last a day without you

So many times when the city seems to be Without a friendly face, a lonely place It is nice to know that you'll be there if I need you And you'll always smile, it's all worth while

When there's no getting over that rainbow When my smallest of dreams won't come true I can take all the madness the world has to give But I won't last a day without you.

Touch me and I end up singin'
Trouble seems to up and disappear ... awh, ya gotta do it ...
Touch me with a love your bringin'
I can't really lose when you're here

When there's no getting over that rainbow When my smallest of dreams won't come true I can take all the madness the world has to give But I won't last a day ... without you ...

Without you ... Without you
