

Lady Fingers

Bobby Darin

Lady fingers on my shoulder
Have gone to my head
Making me lazy
And forgetting
The thing that I've said
Lady's talkin'
With her hands
And she's telling me
That I'm her man

Got me feelin'
Lady fingers
Are wheelin' me 'round
Makin' me lose
All of the troubles and blues
That I've found
Whisp'rin' words
Inside my head

And she's provin'
Ev'ry word she said
Now that I'm inside
Your head
Telling you the things
You never heard
And she's telling me
Without a spoken word
