

So Mean

Bobby Darin

Why must you treat me mean and cruel
When I'm so in love with you?
It just beats me, the way you treat me
So mean, so mean

You're always sayin' I'm your own
And then you make me cry and moan
It just beats me, the way you treat me
So mean, so mean

If you could explain why to bring this pain
Why to hurt me so, I'll just never ever know

Way deep within my heart I know
That you really love me so
It just beats me, the way you treat me
So mean, so mean

If you could explain why to bring this pain
Why to hurt me so, I'll just never ever know

Way deep within my heart I know
That you really love me so
It just beats me, the way you treat me
So mean, so mean, so mean
