

Tell All the World About You

Bobby Darin

When I need me some company
I call on you to stay by me
I wanna walk about it, talk about it
Tell all the world about you

When you're with me, there's so much fun
You're all the good things all wrapped into one
I wanna walk about it, talk about it
Tell all the world about you

Whoa, I wanna walk
I wanna talk
I wanna tell
Ohh, I wanna live
I'm gonna give
We'll have a love

Baby, you're so fine
And you're so sweet
Your brand new loving just can't be beat
I wanna walk about it, talk about it
Tell all the world about you

I wanna walk
I wanna talk
I wanna tell
Yes, I wanna live
I'm gonna give
We'll have a love

Oh, you're so fine
And you're so sweet
Your brand new loving just will never be beat
I wanna walk about it, talk about it
Tell all the world about
Tell all the world about
Tell all the world about you
