

# Never Love A Robin

**Bobby Vee**

Her love was like a bird  
Up in the sky  
When it got cold  
I watched her fly

Now tears are falling  
Since she's gone away  
So please believe me  
When you hear me say

Never love a robin  
Cause she'll fly away  
Though she says she loves you  
She can't stay

First sign of winter  
She'll say goodbye  
And while she's flying  
You'll be crying  
Just like me, oh

Never love a robin  
She can't change her ways  
And your love is numbered  
By the days

When autumn leaves start falling  
She'll long to fly  
And you can't tame her  
So don't you blame her  
When she says goodbye

Never love a robin  
Never love a robin

When autumn leaves start falling  
She'll long to fly  
And you can't tame her  
So don't you blame her  
When she says goodbye
